100% Italian Made

LTS 750 PA 2.0

In the new LTS 750 PA 2.0 version, the swing release buttons are now mounted on the sides of the press head instead of the frame below. This ensures they are no longer hidden by oversized garments, allowing faster and safer operation.

Air Powered Automatic

6,000€.

25nt

Printing Area: 40cm x 50cm

Push button closing with automatic opening and push button side swing for the heating plate, allowing for easy positioning and carrier removal.
