Fitted teflon against heating head.

Warranty details as per manufacturers website.

The TS-Base is a great, economical heat press that works in the shop or on the go at events for on-demand printing. The TS-Base is easy to operate with a digital time and temperature readout and over-the-center pressure adjustment. The upper flotation platen provides a flat, even surface. Used in conjunction with a heat transfer pillow there's nothing you CAN'T print! The TS-Base is ideal for individuals who are just starting out in the industry, as a second press for home or the shop, or as a travel press that you take to live events like car shows, dance competitions, cheer events and more for complete on-demand heat printing and personalization!
